

# K4 ROCKETS

Looking for a stiff, fast and slashy set of fins? Want your board to be able to grip but still plane early and boost huge jumps? K4 has the answer with the Rocket range! Boasting a new upright design with a super wide base the Rockets offer a unique combination of speed and agility. Loose enough to pull off fast takas and quick enough to speed around the bay seeking ramps.

*"Now I know why u call them rockets! I had the sickest jumps ever today in onshore conditions stacked on my 3.6 sail.. so much speed & control with the Rocket fins in." - Jony Price, UK Amateur Champ*

*"Loads of drive and grip to turn hard on bottom turn! They behave so well and literally make my board come alive!" - Oisín Van Gelderen, Irish Wave Champion*

Ideal For:
