

DEALER WORKBOOK 2017

TOGETHER ON THE WATER

celebrating the paddling life

We would like to
extend a big mahalo
to all of the people
who have helped KIALOA
celebrate the paddling life for
over 25 years.

Born on the Island of Oahu in 1991, and situated
in Bend, Oregon since 1992, KIALOA continues
to bring the Aloha spirit to paddlers all over the
world. Owner and paddle designer, Dave Chun,
continues to innovate, design and build the best
paddles in the world for outrigger, canoe, dragon
boat and SUP.

While the heritage of KIALOA is racing, we
understand that paddling is really about people.
Whether your goal is to win a race, enjoy time
with friends, or to find solitude on the water, the
true essence of paddling is the experience and
the relationships that are born out of that shared
experience. When you use a KIALOA product,
we are there with you. Together on the Water.

2017 BLADE GRAPHICS

SILVER KIALOA K GRAPHIC

Our carbon blades with the Silver KIALOA K Graphic are timeless. This graphic is available on all carbon epoxy SUP paddles.

Kialoa
K Graphic

NEW EAST SIDE BLADE GRAPHICS

The 2017 graphic name 'East Side' is symbolic of the Eastside of Oahu where Dave Chun grew up. It is also the location of the origin of KIALOA. The east side of the island is the windward side and home of Kailua Canoe Club where Dave found his passion for paddling and his amazingly talented wife Meg.

East Side Graphic available on the Hulu, Pipes and Methane series SUP Paddles.

Lime Green East
Side Graphic

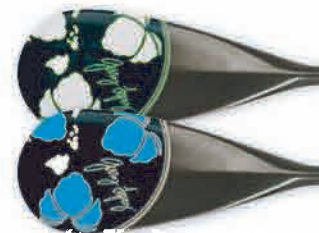

Mandarin
Red East Side
Graphic

NEW GL SURF BLADE GRAPHICS

Added back to our line with a new flair, the Gerry Lopez graphic was originally introduced in 2013 after this paddle was tested by Gerry on a trip to Mexico. Upon Gerry's return he stated "this is the one, you can put my name on it".

GL Surf Paddle Graphic available only on the GL Surf Series of SUP Paddles.

OUR CORE VALUES

PO'OKELA (Excellence)

We strive for excellence in our product and our service through the pursuit of innovation and commitment to quality.

LAULIMA (Teamwork)

Our employees, our customers, and our business partners - we are all in this together.

MĀLAMA (Stewardship)

We honor the traditions of the past and dreams of the future by caring for people and our environment.

SUP MADE SIMPLE

At KIALOA we are committed to living by our core values of Excellence, Teamwork and Stewardship. We share your dedication to provide excellence in products and service to paddlers everywhere and understand that this would not be possible without you - our valued dealer partners. Thank you for your continued commitment to KIALOA.

Dear KIALOA *Ohana,*

All in the 'Ohana

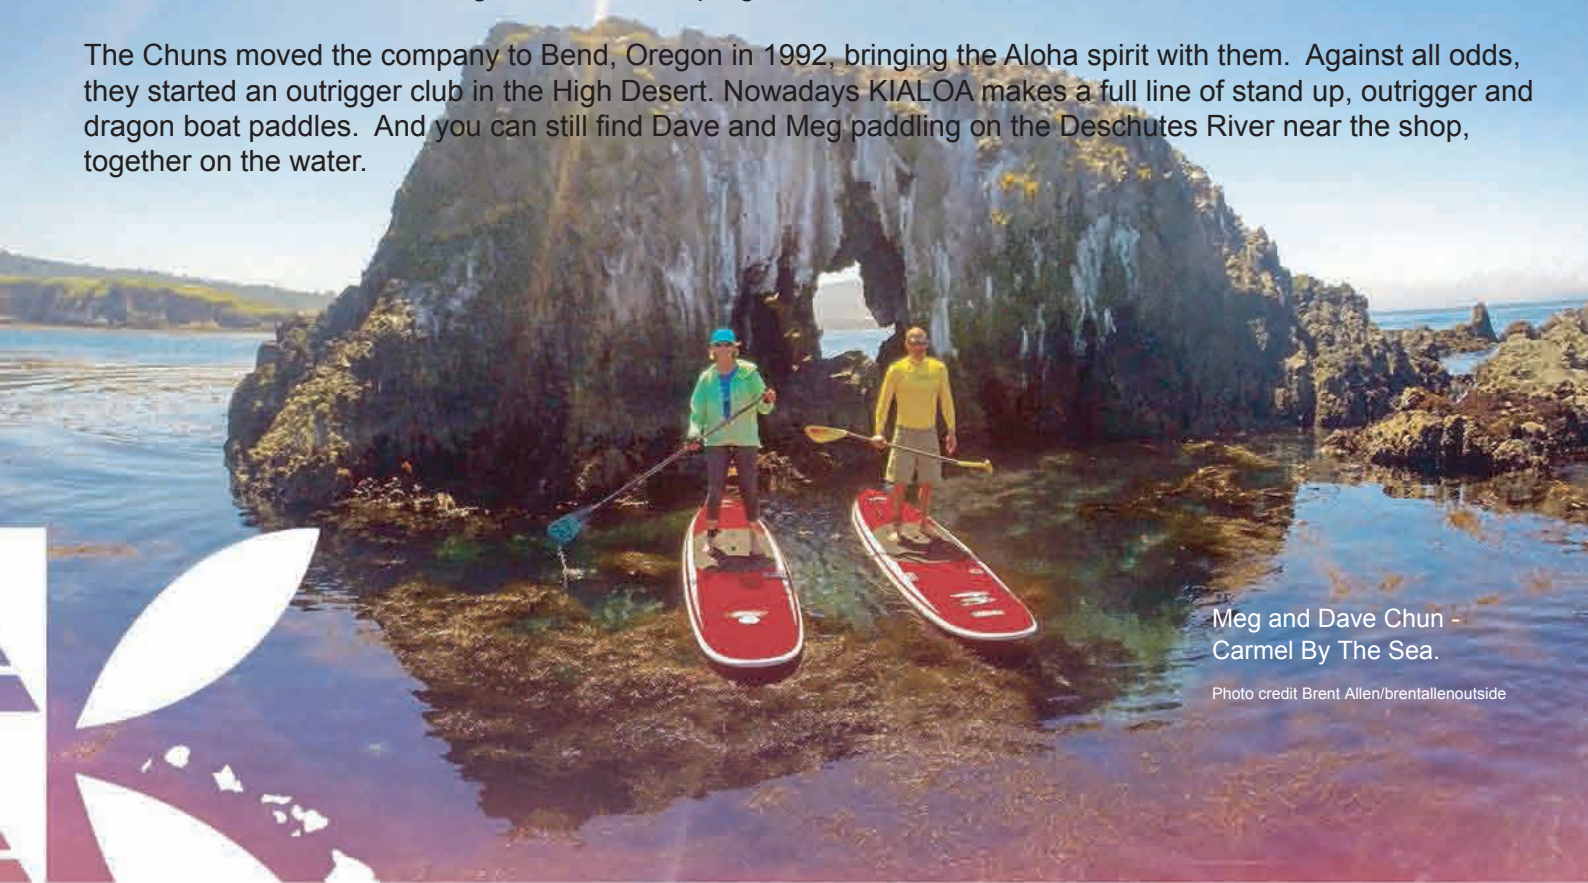

KIALOA originated from a shared love of being on the ocean as outrigger canoe paddlers, living on the windward side of Oahu. We paddled together, raced each other, and afterward talked story and celebrated the shared experiences that brought us together and kept us together - like family ('ohana).

We moved from the Hawaiian oceans to the Oregon mountains and realized that this shared love of being on the water applied equally to the oceans, lakes and rivers of the Pacific Northwest, and to the people who paddle them. Our reverence for being on the water is reflected in this new site, and what you'll find here; a collection of products for being in, on and around the water and stories from the people who use them. It's our intention to enhance the connection to the water and to one another and to share stories from the community that celebrate those connections.

Meg & Dave

Born on the Island of Oahu in 1991, KIALOA Paddles grew out of Dave Chun's love for the sport of outrigger canoe racing. Driven by the desire to build the best paddles in the world, Dave started crafting wood paddles on his parents' lanai. Shortly thereafter, he met Meg, a midwesterner transplanted to Hawaii. It was a marriage of west and east, island heritage and mainland progressiveness.

The Chuns moved the company to Bend, Oregon in 1992, bringing the Aloha spirit with them. Against all odds, they started an outrigger club in the High Desert. Nowadays KIALOA makes a full line of stand up, outrigger and dragon boat paddles. And you can still find Dave and Meg paddling on the Deschutes River near the shop, together on the water.

KIALOA PADDLES TECHNOLOGY

SHAFT TECHNOLOGY

Carbon Shafts

非常に軽く、高い強度と耐久性に優れ、敏感でレスポンス能力が高く、パドルストローク効率を高める適度な撓りと高性能のエネルギー伝達性能を発揮するKIALOAオリジナルのハイパフォーマンス・カーボンシャフト。世界中の大会や過酷なコンディションで膨大なテストを繰り返し、さらなる進化を遂げた従来のカーボンシャフト【Black】に、新たに **NEW** Hi-Vis™ カーボンシャフト【グリーン】がオプションラインナップ、Insanity Fiberglass SwiftにはHi-Vis™カーボンシャフトが標準装備。HuluとGL Surf IIは、シャフトチョイスが可能。

Carbon / Fiberglass Blended Shafts

ブレンドシャフトは、カーボンとファイバーガラスの両方の長所を融合させ、軽量に最適化、有効にエネルギーを伝達させるソフトな撓りで、身体に負担をかけない心地よいパドリングをもたらす。

Fiberglass Shafts

より心地良い撓りと強度を兼ね備えたファイバーガラスシャフトは、低価格でレジャー、家族との共有、レンタルやスクールに最適。

NEW The Double Bend Carbon Shaft

2016年、待望のダブルベンド・シャフトがついにプロダクション化。このシャフトは肩の関節を安定させ、身体のコアマッスルとの連動を最大限に引き出してくれる。そのため、特に大きな筋肉部位を有効に使うパドルすることができる。ダブルベンドは、シャフト上部のベンドにより、身体の胴体とパドルの連動性を可能とし、手首や肘の負担を最小限に抑えた体勢でのパドリングを可能とする。長年のアウトリガーカヌーレース経験を通して得た深い知識と何千マイルものパドリングをこなしてきた多くのパドラー達が実証した結果に基づいて改良を重ね、育まれたこのオリジナルテクノロジーは、より長く、より強く、そして、より効率的なパドリングを可能にする。

BLADE TECHNOLOGY

BEST:

Carbon Foam Core Blade Technology（フォームを心材にカーボン素材でラミネートするKIALOAオリジナルテクノロジー）は、複数の機能を兼ね備えた、軽く、強いブレードを作り出している。PowerARC™とPowerHook™デザインは、水面への容易かつ良質のキャッチと水面からのスムーズなリリースアウトをサポートする。アメリカ本土でハンドメイドされているすべてのカーボンブレードエッジは、紐状のカーボン繊維を何重にも重ねてラミネートすることで、過酷な使用方法や使用頻度に対しても、決してささくれないことない耐久性と強度を誇る。Hulu / GL SURF II / GL SURF Wahine / Pipes II / Methane IIの全てのブレードにこのテクノロジーが採用されている。

BETTER:

Fibrilite™ Technologyは、強度と衝撃耐久性においてパドル業界内では比較対象のない高い比重強度を実現したブレードを創り出した。軽さと強さ、ハイパフォーマンスを兼ね備えたこのKIALOAオリジナルブレードは、ベビー用の紙おむつ工場から排出される産業廃棄物をリサイクルし、カーボンファイバー繊維もしくはファイバーガラス繊維をポリプロピレンレジンで混ぜ合わせ、ハイパフォーマンスリサイクルブレードを誕生させた業界初の環境に配慮した取り組みとして注目されている。Fibrilite™ Technologyは、Insanity Carbon / Insanity Fiberglass / Insanity Fiberglass Swift / Tiare Fiberglass / Keiki II Fiberglass、またKIALOAオリジナルのKayakやCanoeパドルのブレードにも採用されている。

GOOD:

ファイバーガラス繊維で強化され、モールド加工されたナイロン製のブレードは、耐久性と経済的なコストパフォーマンスを兼ね備え、レジャー、ファミリーやクラブでの共有、レンタルやスクールに最適なブレード "AhoHa"ブレードに採用。
